FANCOURT

MONTAGU

Lovingly designed by golfing legend, Gary Player, the Montagu golf course boasts stunning greenery enveloped by a breath-taking indigenous landscape. It promises a decent challenge for even the most experienced golfers without taking away from the fantastic opportunity for the less experienced to practise their swing and hone their skills. Here golfers can rely on a detailed stroke saver to guide them through the gameplay, providing distance measurements and images that only amplify the ease and enjoyment of their time on the green.

OUTENIQUA

Translated, Outeniqua means the 'land of milk and honey'. The course has been rather aptly named as there are few other places where golfers can enjoy a game quite as smooth and satisfying. Compared to Montagu, Fancourt's Outeniqua's layout and design is slightly more forgiving, making it a sought-after choice for beginners and intermediate players alike.

THE LINKS

Unsurprisingly, Gary Player has described The Links as his greatest ever feat as a course designer. The Links is best characterised by its dune-style landscape and undulating terrain, as well as the fact that it's sure to pose a challenge to even the most esteemed players out there. Along with promising the game of a lifetime, the course has also received recognition for its role in ensuring sustainability in the Garden Route.

GEORGE GOLF CLUB

Golf Digest International rated George Golf Club 10th in SA 2019.

Our course is set at the foot of the Outeniqua Mountains, the heart of the Garden Route, and offers spectacular landscapes of the mountains and surrounding plateau.

George Golf Course is the ideal golfing experience, perfect for any type of golfer. One of the oldest courses in South Africa, the Clubhouse is a unique experience and is sure to be enjoyed by all.

The course is a beautifully manicured, 72 par, 18-hole course.
